

Welcome to the NEW...

bb's cafe

for the Love of the Bean

Following the five year anniversary of 'Spro coffee at the Towson library this August, Bonita Hohman, former head Barista of 'Spro Coffee, fulfilled her dream when she purchased the Towson Library bridge coffee shop from Jay Caragay effective October 2011.

Now as BB's cafe, you will continue to enjoy our friendly, excellent service, the award-winning coffee concoctions that you've all grown to love, along with delectable pastries, fresh sandwiches, and treats for the child in all of us.

BB's Cafe continues to serve unique coffee and espresso beverages, combining impeccable, fair-trade ingredients, the best of Italian and Seattle barista traditions, enhanced by Asian and American influences. We've already begun to upgrade our equipment and more improvements are coming!

Additionally, you'll enjoy:

- Seating and tables are available for groups up to 20. Call ahead to reserve a few tables and pre-order sandwiches or fresh baked goods for your next meeting.
- Professionals, moms and students alike will want to take advantage of Towson Library's FREE wireless Internet access in the bridge seating area.
- Discounted garage parking is available with library validation, near the cafe.
